Assalamu Alaikum Warahmatullahi Wabarakatuh!

I pray this letter reaches you in the best of health and Eman. My name is Ahmed Salem and I have been appointed as the new principal at Islamic Academy of South Jersey. To give you a brief introduction about myself, I have been blessed to serve several Islamic schools both nationally and internationally for the past 30 years. It is my pleasure to join the team at IASJ and be part of the extraordinary things they have done and accomplished. The main reason I chose to be part of this community is to carry out the mission of the school and take the great work already done and established to the next level, InshaAllah.

One of the main things that we are going to implement, at a larger scale, in the school is technology. Since starting with the school, we have been working to introduce various programs and applications that the students and teachers can use to enhance instruction of the curriculum. During the unprecedented times that we are currently living, remote learning has called for a total transition to technology. Hence, these programs we will be implementing very soon, InshaAllah, will work on assisting the teacher at instruction and be a means of reinforcement to the lessons covered by the teacher.

We are all here for the students and would like to offer the best we can to them. In order to properly facilitate that, we would like to meet with you all to get to know you and get feedback from you. Due to the state restrictions amid this pandemic, we will be setting a tight and restricted schedule for parents to come and meet with me, InshaAllah. Please keep an eye on your inboxes for an e-mail with further details.

It is my pleasure to join the community of Egg Harbor Township and I look forward to meeting you all. May Allah allow us to be of benefit and allow us to offer the best means to our students.

Your Brother in Islam,  
Dr. Ahmed Salem, Ph.D.

Proper behavior, as it relates to the use of technology, is no different than proper behavior in all other aspects of district activities. All users are expected to use the district technology resources in a legal, responsible, ethical, and polite manner. The digital citizenship guidelines are intended to clarify those expectations as they apply to computer and network usage and are consistent with the Islamic Academy of South Jersey policy on use of technology resources in instruction. A student who knowingly violates any portion of the digital citizenship expectations will be subject to suspension of access and/or revocation of privileges on the district's system and will be subject to disciplinary action in accordance with the school district disciplinary handbook.

Creative credit and copyright - students have the right to protect their own creative works. Additionally, students must exercise academic integrity in a fair and legal manner when using other people's creative works. Failure to appropriately cite ideas or work other than your own will result in adverse academic and behavioral action. Academic integrity protects against the following:

- Cheating is fabricating written assignments; giving or receiving aid to another student without the consent of the instructor on tests, quizzes, assignments, or exams; or accessing unauthorized teacher's editions or answer keys. Cheating also includes the use of technology such as computers, phones, cameras, or any other device that provides access to unauthorized information related to graded course material, tests, quizzes, assignments, or examinations.
- Double assignments are also a form of cheating. This is defined as an assignment that is used to fulfill the requirements of more than one course without prior approval from all involved instructors.
- Colluding is allowing one's work to be copied or submitted by another student. This applies to individual as well as group work where the students are given individual grades. It also applies to work that is transferred electronically and then submitted by another student. Joint student projects where information is combined for a final product submission are acceptable.
- Plagiarizing is the act of presenting the ideas or works of another person as one's own. This includes presenting information, ideas, phrasing, words, artwork, music, figures, diagrams, graphs, song lyrics, films, maps, illustrations, data, computer programs, emails, CDs, and electronic files from the Internet. All of these must be acknowledged with the proper documentation. The instructor or the school links should be consulted for proper citation practices. All assignments submitted to instructors should contain the proper citation. Plagiarism occurs when a student does one of the following: fails to cite borrowed, quoted, or paraphrased material, even by accident; deliberately intends to deceive through lack of citation; or uses strings of words from a cited source without indicating these words are not his/her own (attempted paraphrase without quotations, even if there is a correct citation).

# Communication Tools

Platform	Audience	Description & Access
CSS will continue to use the same platforms it employs for normal day-to-day communications with parents, students, and faculty/staff. All of these systems are remotely accessible and will facilitate e-Learning.		
<b>E-mail</b>	<b>Faculty, staff, parents, and students</b>	E-mail will be used for all major communications and announcements, including those from the head of the school and division directors. Faculty will also use e-mail to communicate, although they will use other platforms to interact with their students as well.
<b>Google GSuite</b>	<b>All School Constituents</b>	Google GSuites (including Gmail, Docs, Classroom, Sites, Hangouts Meet, Calendar, etc.) will continue to be the platform used by most teachers. For video conferencing in small or large groups, we will use Google Hangouts Meet.
<b>IASJ Website</b>	<b>Communications</b>	IASJ will maintain general information on its closure status for the public at <a href="http://www.IASJusa.org">www.IASJusa.org</a> .
<b>School Social Media</b>	<b>Communications</b>	Communications will continue to be produced but at a reduced rate. Intent of communication during this period of e-Learning will be to inform the school community of important matters, community engagement, and the status of school events.
<b>E-Learning Website</b>	<b>Parents</b>	The communications department has created an additional page on the IASJ website that provides up to date information, resources, and support e-Learning needs.
<b>Helpdesk</b>	<b>Parents &amp; Students</b>	A designated e-mail was created for families in need of technical support.

## **ATTENDANCE**

Attendance is a critical data point for e-learning and our ability to track student involvement. Communication among all constituents is imperative as teachers will be taking attendance throughout the course of the day for “Proof of Performance.” During all classes, attendance will be taken among all the students present. If a student is unable to attend a class, it is essential that the student is aware of any work that needs to be completed by the end of the day. Completion of work assigned, will be the second way teachers will account for attendance. In order to accommodate personal and professional schedules, we have created numerous ways for students to access work throughout the day. Attendance will continue to be recorded and any patterns of student absence will be communicated directly to parents.

		<b>Looks like...</b>
<b>P</b>	<b>Present</b>	<ul style="list-style-type: none"> <li>• Student arrives to classes as scheduled</li> <li>• Student is actively participating by attendance or class discussions</li> <li>• Students completing classwork, exit tickets or assessments during the allotted class time or by designated time at the end of the day will demonstrate “Proof of Performance.”</li> </ul>
<b>AU</b>	<b>Unexcused Absence</b>	<ul style="list-style-type: none"> <li>• Students do attend classes as scheduled and do not complete any of the assigned lessons.</li> <li>• A student or parent has not informed the school and their teacher that they will not be present for a scheduled class. This includes any work that has not been completed as assigned</li> </ul>
<b>T</b>	<b>Tardy</b>	<ul style="list-style-type: none"> <li>• Students complete the allotted work and turn it in well beyond the time the lesson ended.</li> <li>• Students who hand things in slightly late should not be marked tardy.</li> </ul>
<b>AE</b>	<b>Excused Absence</b>	<ul style="list-style-type: none"> <li>• A student or parent proactively informs the school and their teacher that they will not be present for a scheduled class. Expected that work is turned in as assigned unless otherwise guided by the teacher(s).</li> </ul>
<b>Additional Items</b>		<ul style="list-style-type: none"> <li>• Students who are having technical difficulties performing their responsibilities in the allotted time should contact their teacher at the moment the issue arises rather than after the fact</li> </ul>

" Students absent three (3) or more consecutive days must present a medical note to the homeroom teacher or the student will not be admitted to class. Students absent five (5) or more consecutive days must present a medical note to the homeroom teacher or the student will not be admitted to class.

Students may not accumulate more than eighteen (18) unexcused absences during the school year. Accrual of more than eighteen (18) unexcused absences in a one-subject, (nine (9) for a semester course, during the school year, will result in the loss of credit for the subject. Student enrolled in ISLAMIC ACADEMY OF SOUTH JERSEY shall be in attendance during the days and time school is in session.

Absence from school jeopardizes the ability of a pupil to satisfactorily complete the prescribed course of study and violates the statutes requiring children to attend school. Every parent, guardian or other person having custody or control of a child shall cause such a child regularly to attend school.

The interruption of the instructional process caused by frequent and/or repeated absence of lateness is a major concern of all involved. It is with this concern in mind that the following attendance regulations are recommended.

### **EXCUSED ABSENCE**

An absence shall be considered an "excused absence" for the purpose of determining promotion, retention, truancy, grades, course credit, eligibility to make up missed assignments and tests for full credit, and violations of the school code of conduct for attendance, for the following reasons:

- i. A parent note is acceptable for an absence of no more than two consecutive days, twice per marking period. In all other circumstances, a note signed by a licensed medical physician must be provided disclosing the specific illness or injury preventing school attendance, and the specific days of absence required. The required doctor's note must be submitted to the school office within three business days upon the return of the student to school. Parents must make sure to obtain the medical note before leaving the doctor's office. Doctor's notes received three business days after the student's return will be considered as unexcused absences.
- ii. Requirements of a student's Individual Health Care Plan;
- iii. A death or critical illness in the student's immediate family, or of others with permission of principal;
- iv. Quarantine;
- v. The student's suspension from school;

### UNEXCUSED ABSENCE

An "unexcused absence" is a student's absence for all or part of a school day for any reason other than those listed as excused absences above. An unexcused absence may be counted toward retention, truancy, loss of course credit, ineligibility to make up missed assignments and tests for full credit, and violations of the school code of conduct for attendance. Absence is expressly not excused for any of the following reasons (this list is intended to be illustrative and is not inclusive):

1. Family travel; (except under emergency circumstances reviewed and approved on a case by case basis.
  - a. Parents are allowed one excused week of Family Leave in the case of emergency, and/or other family issues.
  - b. The procedure for requesting Family leave is the following:
    - i. Make the request in writing to the Lead teacher at least two weeks before the planned leave;
    - ii. Indicate the reason for the Family Leave;
    - iii. Provide the exact dates that the child(ren) (no more than five school days) that the child will be away;
    - iv. Provide the names and grades of each child going ways;
    - v. Provide the parent's name, signature, and date.
    - vi. The Lead Teacher will review the request and will review each child's academic and attendance that is listed on the Family Leave Request.
    - vii. The Lead Teacher will then either approve the Parent Leave request as approved and excused or deny the request.
    - viii. If the Lead teacher denies the request for excused Family Leave for a student, and the student still leaves, the days absent will be marked as unexcused, and the student will not be able to make up the missed work.
2. Performance of household or babysitting duties;
3. Other daytime activities unrelated to the school program;
4. Leaving school without permission when school is still in session;
5. Leaving class because of illness and not reporting to the school nurse as directed; or
6. Being present in school but absent from class without approval. Such absence from class is a "class cut."

### EXCESSIVE ABSENCES

Excessive absences are the total of unexcused absences for any reason from school. Three (3) unexcused lateness equal to one (1) unexcused absence. Fifty-four (54) unexcused lateness = eighteen (18) unexcused absences, and will result in failure for a full-year course. Twenty-seven (27) unexcused lateness are equal to nine (9) unexcused absences and will result in failure for a semester course.

\*NOTES: Notes submitted for explaining absences must include:

- ✍ Full name of student
  - ✍ Dates of absences
  - ✍ Reason for absence
  - ✍ Parent's signature
  - ✍ Home phone number
  - ✍ Work phone number
1. Upon the students return to school from an absence(s), the student will take the note to the homeroom teacher to be filed for future reference.
  2. A daily attendance sheet will be provided. The teachers will assume the student has an unexcused absence unless otherwise notified.

3. Students who are absent from school will not be able to participate in school functions or activities for that day.
4. If a student is absent from school, it is the student's responsibility to contact the teacher to make up assignments. The work must be handed in within the length of time (number of days) of the absence, e.g. one day absent – one day after the return to school to make up the work.
5. Parental notes or phone calls that document or verify a persistent nature, extended medical treatment, and/or extenuating circumstances will be considered under the appeals process, but still will be counted as unexcused absences.
6. Six (6) unexcused lateness will be counted as one (1) **absence**.  
A record of each "unexcused late" will be kept by the homeroom teacher. Excessive "lateness" will result in disciplinary consequence assigned by the designated Administrator. Failure to comply with disciplinary consequences may result in suspension from ISLAMIC ACADEMY OF SOUTH JERSEY.

### **ATTENDANCE REGULATIONS**

The presence of a student in school or the participation of a student in a school sanctioned activity.

Students must be present at least four (4) hours or more in order to get credit for a full day of attendance. Students must be in attendance at least two (2) hours in order to receive credit for half a day. Regular attendance shall be during all the days and hours that ISLAMIC ACADEMY OF SOUTH JERSEY is in session.

Regularity of attendance is important if a student is to show a record or success in schoolwork. Students submitting a note from a parent to the Main Office must do so prior to homeroom to make arrangements for an early dismissal for a medical or similar appointment. The note must have a telephone number where the parent or guardian may be contacted to verify the request.

No student will be granted a dismissal without a parental contact. Parents not having a telephone are obligated to contact the Main Office.

No student is to go home during the school day without first obtaining permission from the Principal or from the administrative staff, in case of illness.

Should a student leave without permission, any note asking that an excuse is granted will be unacceptable after the fact.

All calls referring to a student's absence are to be directed to the Main Office and supported by a note from the parent/guardian upon return to ISLAMIC ACADEMY OF SOUTH JERSEY.

### **DROP OFF PROCEDURES**

All children must be dropped off through the second main entrance door. The parking lot is reserved for school personnel, please do not park in these spaces when bringing your children to school.

### **PICK UP PROCEDURES**

All parents must pick up their children from the second main entrance door. Parents are asked to pick up their children and immediately leave the building; they should not impede others from picking up their children, nor inconvenience our neighbor from coming to and fro. They have complained and they may call the police, thus, ISLAMIC ACADEMY OF SOUTH JERSEY will not be liable for tickets issued for illegally parked vehicles.

### **EARLY PICK UP PROCEDURES**

Occasionally parents need to pick students up before the school day is over. This may be difficult if the student has not had adequate time to prepare for the departure. It may also cause disruption in the flow of instruction for the class that they are leaving. It is necessary, therefore, to follow a procedure that allows staff, parents, and the student to accomplish this task expediently and efficiently.

**Important:** Please note that parents are required to sign the student out in the office before the student can be dismissed from class. Parents will not be allowed to pick the students up directly from their classes. The faculty will provide instructional guidance and materials for make-up work to be sent with the student if given at least one day's notice. If this is not possible, the faculty will make preparations for make-up work when the student returns.

The office will arrange to have the student in the office and ready to go if given at least 30 minutes' notice. Notice may be given by a telephone call, the parents may come in person early, or a note can be turned into the office at the start of the school day. If adequate notice as described in parts one and/or two of this policy is not made, teachers and office staff will be expected to do the best they can in supporting the student and parents in a smooth departure without sacrificing effective school operations in the process.

### **STUDENT LEAVE OF ABSENSE**

In the event that students must take a leave of absence for more than one week, the Administration must be notified. In most cases, two weeks' notice will be considered adequate for the teacher to prepare. On the instruction of the Administration, the teacher will provide equivalent educational guidance and instructional materials to the student or family.

On shorter notice, the teachers are encouraged to do the best they can without disrupting the quality of the immediate instructional needs of the class.

**Note: Parents will be charged regular tuition for these extended absences.**

Hall passes may be granted and completely filled in by the teacher of the class. The pass should include the time, destination, and teacher signature. Failure to do so will result in suspension from school. The following also applies:

- Students are not permitted in the halls without a hall pass during any class period.
- Teachers are not to issue any hall passes to students during 1st period, 9th period, the first minutes of class, and the last minutes of class unless it is an emergency.
- Teachers are also encouraged to remind the students to check their schedules daily, and not to allow students to go to their lockers except before the first period, at the beginning of lunch, and at the end of the school day.
- There are no hall passes permitted during lunch period except for emergencies, approved tutoring, or as directed by an administrator or Front Office Staff.

## **HEALTH**

All students are required to have a complete medical examination before entering ISLAMIC ACADEMY OF SOUTH JERSEY. Proof of such examinations is required on or before the first day of school along with all appropriate inoculations.

This requirement is strictly enforced when physical impairment can impede a student's academic growth. Knowledge of these conditions can be helpful to staff and administrators.

Parents are expected to keep children at home when they show signs of illness. In any case of illness over five (5) days, the student must bring a written medical notice.

## **HOMEWORK**

By definition homework consists of school-related projects or assignments, which are completed outside the regular school day. Both the time and the nature of the homework will vary according to factors such as age, grade, special needs of the individual student, and the units of study being emphasized in the classroom.

Its purpose is to serve several important purposes for the student, including:

- ✍ The development of a sense of responsibility.
- ✍ The practice of effective study habits.
- ✍ The reinforcement and application of school learning.
- ✍ The opportunity for students and parents to spend quality time together, developing a love and appreciation of learning together.

Regarding time spent, students should spend a given amount of time almost on a daily basis working on homework related activities. Reading should be a daily portion of their "homework" time, shared either with another person or independently. Other homework may include homework that has been "assigned" by the teacher, or "free choice" activities, such as studying spelling words, practicing handwriting, or memorizing Qur'anic verses.

The following guidelines are used in determining the quantity of homework a student is assigned four or five days a week.

Grade	Homework Time
PK - 1 <sup>st</sup>	15-30 minutes
2 <sup>nd</sup> - 5 <sup>th</sup>	30-60 minutes
6th and up	90 minutes and up

These times are daily averages and are based on the average student. Extra reading is always strongly encouraged. If a student is assigned very little or no homework on a regular basis, parents should contact the child's teacher to discuss possible reasons and to help resolve them.

If student is capable of doing more challenging homework than the parent should contact the teacher through e-mail and request that their child be given more challenging work. Students in high school will be given extra and more challenging work and therefore their courses will be considered as an honors course. Students through middle and elementary school will be considered as Gifted and Talented students and will receive a different report card.

**Note:** Sometimes students do not use time at school (or home) wisely or do not plan long-range projects well, and therefore get "behind" in their homework. When this happens, it will be necessary for the student to spend more than the suggested time on the homework.

### HOMEWORK POLICY

The purpose of homework is to help the student to realize their relationship existing between their learning experience in the school and their interest outside of the school. Additionally, it develops a readiness for classroom experience, which improves study and research skills. Homework provides review and enrichment to accommodate individual differences based on the child's interests, needs and skills. Also homework encourages greater parental involvement in the child's school work, and reinforces previously introduced acquired skills.

### THE ROLE OF THE TEACHER IN REGARDS TO HOMEWORK ASSIGNMENTS:

1. To provide carefully planned assignments which are meaningful and are based on the needs, the skills, and the interests of the child.
2. To keep in mind the environmental limitations and handicaps under which some children must do homework, and assist parents and students in removing learning obstacles.
3. To adjust teaching in accordance to the needs revealed through homework assignments.
4. To develop methods to monitor, review, and return the student's corrected and completed homework assignments back within a reasonable period of time.
5. The teacher must note that homework should never be given as a punitive measure.

Homework is an extension of the school day and an integral process of it (school work). In order to facilitate this process and to uniform our standards, teachers must give homework assignments daily. This also includes weekends and holidays. Learning should never take a holiday. Homework should be checked and graded upon its submission and returned quickly to the student. Teachers are responsible for apprising themselves of the Homework Policy.

### TESTS & QUIZZES

Tests and quizzes are given throughout each grading period to assess the students' learning. They should be neither excessive in number, nor should a student receive only one or two tests in a given subject area each quarter. Also, the number of questions given on tests should be such that missing one question would not lead to a drop in letter grade on that test.

It is the responsibility of the teachers to coordinate tests so that students do not have more than two tests on the same day. The only testing that may be done in addition to these 'two tests per day' would be Spelling Tests or Qur'an Recitation tests. Also, quizzes may be given at any time and, as a whole, usually do not constitute more than 10-20% of a student's final grade.

Parents or students who feel that there is a deviation from these criteria should bring the matter to the attention of the respective teacher(s) and lead teacher.

Teachers are to give students at least one-week notice before a test and at least two days' notice before quizzes. Pop quizzes are to be kept to a minimum, are not encouraged, and should not be used as a punitive measure.

### GRADING

Teachers adopt very clear criteria for student evaluation. The criteria are to be clearly defined and outlined to the students. The following areas are graded: Homework, discipline, class participation, scheduled quizzes, pop quizzes, and exams.

### HOMEWORK DURING ABSENCES

All class work and homework assignments due to absence are to be made up within a time period specified by classroom teacher or Principal. The student is expected to show initiative in seeking out a teacher to determine what assignments are missed and when these shall be due. Work can be sent home to any student involved in an extended absence.

### GRADING / EVALUATION OF HOMEWORK

In order to encourage positive student attitudes towards homework, teachers will be expected to instruct their students in the proper techniques and methods for completing homework assignments.

1. The teacher checks homework as quickly as possible and affixes a comment and/or assigns appropriate grade to all written assignments. Thus, homework grades become a part of the report card grade.
2. The students are responsible for and expected to complete and submit each assignment on its due date. The assignments are to conform to the procedures set forth by the teacher in conjunction with the administration.
3. The teacher will notify a parent by phone or written note whenever a student repeatedly fails to do his/her homework.

All homework will be discussed, graded, or checked. Regular assignments in English, Science, Mathematics, Social Studies, Islamic Studies, Arabic Language, Computer Science and Health will count as twenty percent (20%) of each marking period's grade.

### CATERGORIES OF TOP CERTIFICATE AWARDS

**PRINCIPAL'S LIST** – Homeroom Teacher are to select students who have successfully achieved an average of 95% in all major subjects, will be placed on the Principal's List.

**SUPER HONOR ROLL**- Students who have successfully achieved an average of 95% in all major subjects, will be placed on the Super Honor Roll.

**HONOR ROLL** – are to select for awards students, who have successfully achieved an average of 90% in all major subjects, will be placed on the Honor Roll.

### INJURY

Parents must inform the school if a student is injured during school, it is his/her responsibility to file an accident report with the designated Administrator and/or Main Office when the injury occurs. The first thing to do when injured is to report the accident to the teacher who is supervising the activity or if it occurred during the change of classes, report to the Main Office.

A student may not return to school needing crutches, or a cane, without a statement from his/her physician indicating such a need.

## **STUDENT ABSENCE AND LATENESS POLICIES**

### **The parents of students absent from school are to inform the Main Office.**

Students may not accumulate more than 18 unexcused absences during the school year. Accrual of more than 18 unexcused absences in a subject during the school year will result in the loss of credit for that subject. Students enrolled in ISLAMIC ACADEMY OF SOUTH JERSEY will be in attendance during the days and time school is in session.

Absence from school jeopardizes the ability of a student to satisfactorily complete the prescribed course of study and violates the statutes requiring children to attend school.

The interruption of the instructional process caused by frequent and/or repeated absence or lateness is a major concern of all involved. It is with this concern in mind that the following attendance regulations are recommended:

- Absence – The non-attendance of a student enrolled in the school district.
- Excessive Absences – Excessive absences are the total of unexcused absences for any reason from school, fifteen (15) days in a full year course or nine (11) days in a half-year course. Those students who are excessively absent will receive no credit for the course in which they are absent.
- Attendance – The presence of a student in school or the participation of a student in a school sanctioned activity.

Four hours of school attendance, on any one-day, are necessary for a student to be eligible to participate in extra-curricular activities for that specific school day.

### **Excused Absences**

The non-attendance of a student enrolled in the school for the following reasons:

1. Student illness or accident verified by a doctor's note.
2. Death or serious illness in the immediate family.
3. Attendance required in court (evidence submitted).
4. Administratively approved absence.
5. School sponsored education activities, sanctioned or approved by the Principal.
6. College visitations (Seniors Only). Notes from parents to be submitted to the Lead Teacher and Principal in advance of visitation.

### **Notes**

Notes submitted for explaining absences must include:

- a. Full name of student.
- b. Dates of absence(s).
- c. Reason.
- d. Signature of parent.
- e. Home phone number.
- f. Work phone number.

Upon the student's return to school from an absence or absences, the student will take the note to the Main Office prior to homeroom to be filed for future reference. A daily attendance sheet will be provided. The teachers will assume the student has an unexcused absence unless otherwise notified.

Students who are absent from school will not be able to participate in school functions or activities for that day. If a student is absent from school, it is the student's responsibility to contact the teacher to make up assignments. The work must be handed in within the length of time (number of days) of the absence, e.g., one day absent – one day after the return to school to make up the work.

Parental notes or phone calls which document or verify a persistent nature, extended medical treatment, and/or other extenuating circumstances will be considered under the appeals process, but will still be counted as unexcused absences. Once a student has reached 18 days loss credit, one (1) day will be deducted for every 10 days a student attends class without absence.

### **TARDINESS TO CLASS**

1. If a teacher detains a student, the student should be provided with a pass to the next class.
2. If a student comes to class late without a legitimate excuse in writing, the student should be marked as an unexcused tardy and admitted to class.
3. Students in the hallways without a pass may be picked up by the administrative staff or Security and escorted to their appropriate class after a discipline intervention.
4. Disciplinary action will be taken on students who are chronically tardy to their classes. Submit disciplinary report to Principal.
5. Students are expected to be in the classroom within two (2) minutes of the class starting. Any student legitimately detained because of school business should have a late pass to class from the staff member responsible for detaining the student. All students should be apprised of the penalty for being late for class. Any student arriving to class, without a pass, more than five minutes, will be marked as a cut.
6. Three (3) unexcused lateness are to be counted as a class cut. A student who comes to class so late that he/she misses an entire class period is to be marked cutting unless the lateness is excused.

### **LOSS OF CREDITS**

#### **Notification Procedures**

The school has a responsibility for communicating with parents of students whose attendance patterns may lead to loss of credits. In order to ensure that parents and students are aware of the serious ramifications of excessive absences, the following procedures shall be followed in notifying parents of students whose attendance patterns could result in the loss of credits.

When a student has been absent:

1. Five (5) days: The homeroom teacher will discuss the problem with the student and notify the parent or guardian of the concern for the developing pattern of excessive absences.
2. Seven (7) days: The designated Administrator or the Principal will inform the parent or guardian of possible loss of credit due to "excessive absences" if two (2) additional unexcused absences occur for a semester course.
3. Nine (9) days: The Principal or designated Administrator will inform the parent or guardian that due to "excessive absences", credit is being denied for all semester courses in which the student is enrolled. At the same time, it is stressed that continuing patterns of "excessive absences" will further the possibility of the student failing for the year."

4. Fifteen (15) days: The designated Administrator or the Principal will notify the parent for a conference to discuss the possible failure of all courses in which the student is enrolled due to “excessive absences”.
5. Eighteen (18) days: The designated Administrator or the Principal will convene a special meeting to discuss the particular case. The result of said meeting will inform the parent or guardian by mail that due to “excessive absences” credit will be withheld for all courses in which the student is enrolled and must repeat the current grade.
6. Once a student has reached 18 days of loss credit, one (1) day will be deducted for every 10 days a student attends class without absence.

Three (3) unexcused lateness equal to one (1) unexcused absence. Fifty-four (54) unexcused lateness = eighteen (18) unexcused absences, and will result in failure for a full-year course. Twenty-seven (27) unexcused lateness are equal to nine (9) unexcused absences and will result in failure for a semester course.

#### Appeal Process

1. Upon notification of withdrawal of credit, the decision to withhold credit may be appealed in writing to the Principal by a parent or guardian within five (5) days after receipt of notification. The student will remain in class.
2. The Principal will convene with the Council who will be charged with the responsibility for rendering recommendations related to this matter.
3. The Council will be composed of the following:
  - a. Principal.
  - b. President of the PTA.
  - c. Designated Administrator or the Principal.
4. The Principal will summarize the recommendations of the Council in writing.

2. The administration of medicine to pupils shall be done only in exceptional circumstances wherein the child's health and safety may be jeopardized without it.

### **PROBATION – ACADEMIC / BEHAVIORAL**

It is imperative that we have the cooperation of the student in order to achieve academic success. All staff members are encouraged to assist the students in developing the best academic performance. However, students who consistently demonstrate a failing or troubled academic status will be placed on academic probation. Any student failing two or more subjects in any given cycle shall immediately be placed on academic probation. Any student demonstrating a marked decline during a marking period may be placed on academic probation after consultation with the Principal. Parents are asked to assist us by encouraging students to complete daily homework assignments and encouraging them to spend more time studying. Students should be sure to make appointments for tutoring with the appropriate teachers.

Additionally, students are to cooperate in and out of the classroom environment in order to sustain an effective learning milieu. Any student who consistently demonstrates behavior that impedes or interferes with the educational process shall be placed on behavioral probation.

Parents will be notified of students who have been placed on academic / behavioral probation and each student will be responsible for presenting a daily progress report. A student placed on probation will be responsible for presenting a Daily Progress Report to each teacher, each day. Parents are responsible for signing this form daily so that the student may return it the next day. The Homeroom teacher will give this form daily so that the student may return it the next day. The Homeroom teacher will give the student a new form after presenting the signed one from the previous day.

Students who are on probation, but do not have the appropriate form, should be given a brief note signed by the teacher with regard to his/her academic performance.

The teacher will be responsible for monitoring the report for parent signature and will periodically evaluate the student's improvement or continued probation status. New students will automatically enter a state of academic and behavioral probation for the first marking period until fully evaluated.

### **SCHOOL RECORDS**

Parents and students over eighteen years of age have the right to inspect official or permanent school records. School officials at ISLAMIC ACADEMY OF SOUTH JERSEY may determine the time and way the materials will be presented.

## **SPECIAL PROGRAMS**

ISLAMIC ACADEMY OF SOUTH JERSEY has incorporated the following activities and events to distinguish its Islamic identity and to promote the most advanced quality of education possible.

### **ARABIC, QUR'AN AND ISLAMIC STUDIES**

The Arabic Language program aims at enabling students to receive accurate knowledge from Qur'an and Sunnah, as they are the true sources of Islamic study and practice.

Islamic Studies, Arabic, and Qur'an are among the most important subjects taught at ISLAMIC ACADEMY OF SOUTH JERSEY. The students are taught Fiqh, Seerah, Tafseer and Aqidah to instill an understanding of Islam, a desire to practice Islam, an appreciation of the Qur'an as the guide to mankind and a sense of responsibility to spread the message to all of humanity. These three courses constitute the "Rope of Islam" to hold onto and, Insha'Allah, to lead to success in the hereafter.

### **PRAYER / SALAAH**

As an Islamic school, Islamic Academy of South Jersey aims at strongly adhering to the commands of Allah subhanAllah wa ta'ala and Prophet Mohammad sallallahu alayhe wa sallam. It is therefore the school's duty to schedule time for Thuhr Salaat at its prescribed time during the school schedule.

### **FIELD TRIPS**

Islamic Academy of South Jersey field trips represent a part of the school's extended classroom approach to learning. It is the school's practice to take the classroom to the source to enhance the learning process. Field trips are systematically organized according to grade levels, therefore eliminating a repetition of the same outings from year to year. Effort has been made to provide field trips for each course of study and varying subject matters. Parents are expected to pay a small fee at group rate prices when applicable, and to sign a field trip permission slip. Parents will be provided advance notice for all field trips, Insha'Allah.

### **STUDENT ACHIEVEMENT**

Achievement Awards are given each quarter to students who excel in academics and/or behavior. These awards are to be given out at the quarterly Awards Assemblies.

## **TEACHER CONTACT**

Teachers at ISLAMIC ACADEMY OF SOUTH JERSEY will make contact with parents in order to assist the student, the parent, or the teacher in understanding and resolving education or behavioral issues. Positive as well as issue-oriented communication is strongly encouraged. In no instance should parents be surprised by their child's progress or lack thereof. Each teacher should make an effort to meet or call parent(s) of every student in his/her class at least once every month. The purpose of the meeting is to address special needs and concerns in which the parent can play a major role. We cannot rely solely upon the parent's taking the initiative in contacting teachers. In most cases, parents of students in need of special attention do not follow up on their child's progress, and we need to do all we can to get the parents involved.

## **TRANSPORTATION REIMBURSEMENT**

For those eligible for transportation reimbursement forms will be made available at the receptionist area.
